

US Forest Service Species Assessments in Region 2

Compiled 1/05/2007 by Steve J. Popovich, USFS, ARP SO, Fort Collins, Colorado

All US Forest Service Species Conservation Assessments for plants and animals to date and their errata and amendments can be found on the web at:

<http://www.fs.fed.us/r2/projects/scp/assessments/index.shtml>

Additionally, all reports and reviews of rationale of why certain plant and animal species ARE or ARE NOT considered Forest Service “Sensitive” in Region 2 (Rocky Mountain Region) can be found at:

<http://www.fs.fed.us/r2/projects/scp/evalrationale/index.shtml>

To date, all completed plant assessments include those below. Coming soon: *Triteleia grandiflora*, *Liparis loeselii*, *Penstemon laricifolius* ssp. *exilifolius*, and *Armeria maritima* ssp. *siberica*.
